#11 二つの正義

Because I will not let part of this original continent be divided!!

This time, in order to protect the people who are important to me!!

I'LL KILL You !!!

#11 二つの正義

THE TWO JUSTICES

This continent was once in a peacefull state

I wont forget the adventurous journey we had protecting the weak troubled by bandits

My fellow Round Table Warriors

The empire fell into crisis in the destruction from this "Chaos war"

But this peace was broken by the Kimaira who suddenly revolted against the empire

I was met with the death of the emperor whom I loved and respected

I was wrapped in war

And to this world again,

War doesn't harden a persons heart

Watched lands where innocent feeble people were murdered...

I...

Ku !!

I will make this continent one again and regain peace!!

Even if I must sacrifice!!

ガッ

Wh...!?

What Power...!?

And also .....!!

Even though you're wearing a super heavy armour!?

FAST!!

Comared to those that depend on that ancient technology, I'm troubled!!

Granted!! This body has been trained for a long time

!!!

Ku !!

!!

Oh no!!

I HAVE YOU~~!!

ｱｱｱ

ｷﾞｷﾞ

ﾊｧ

ﾊｧ

Though it looks as though she didn't come here after all...

I thought she might have come by chance

Where have you been till now...?

It's Nimue

My daughter has disappeared ...

My daughter .....

Calm down and tell me what's happened?

What do I do Helen...

What did you say!?

Wha...

ゴゴゴゴ

ヒュウ。

Breaking through the Blue Warriors wasn't just for show ...

Fu~n

!!

Then!!

ドドド

I can't afford to take my time in this place!!

For my belief!!

For my justice!!

Ku

I can't get close"

!!

Nu~n

!!

She released her sword!!

What is she doing !?

!!
!!

ガラガラ

ガラガラ

How!?

The people here have accepted

I, a total stranger

I too .....

Keep in contact with me

I also have those still knowing what I am

Can't afford to retreat from here

For those People!!

Don't underestimate me!!

!!!

UuoOOO OOOOOH!!

Isn't that man Gwen a little dangerous?

Say Rudolf

Gae Bolg capital Salas

He was a loyal subject of the former emperor

That person was one of the Round Table Warriors reporting directly to the former emperor

Your Highness

Dangerous... you say?

Though now he is one of our strong pawns...

Belief on their chests or something .....

Your reason?

Your Highness, Gustaf

Do not worry about it

Considerable military power was used to attack this castle

If the castle attack succeeds, Claymore will fall...

At which time
I'll send him to
a new battlefield

You should
let that person
take the
responsibility

Even if the
attack fails

They'll fall
in some
way

Your
Highness
things should
not become
bad

A "Piece"

Is nothing
more than
a "Piece"

Your Highness

One day
for certain. .

One day
...

Could she
still be
there!?

Just now
you came
from the
city looking
for her

What,
Say
something!!

She's
safely hiding
somewhere

Surely
somewhere
...

I know
I know that
Helen...

UwaAA
AAAAA
AAA
AAA
AAA
AAA!!

Right now
belief is all
that I
.....

Uu

Uu

Lynn... you're too late to be doing well yourself...

PORCUPINE !!

SHOOT!!

Mommy, where are you ?

エッ

エッ

月!!!

Ku!!

A Child !?

!!!

Porcupine Stop shooting!!

Po...!!

Ku!!

Please !!

Be in time!!

Hello readers, here's the next release of Kimera for you all.

Some of you reading these releases on sites other than BATOTO may be finding that your chapter 9 is a chapter 8 replica, sorry about that, it was my miss, the bots grabbed it the moment it got approved before I could fix it mear moments later (those things are REALLY FAST)

Anyways, we have a new site, just a simple wordpress for now, but I'll be releasing projects there for DDL
